ABOUT ME

- I was born in Paris, France with my two older sisters. We moved to the United States when I was 2 years old. I speak English, French, Spanish, and understand some Romanian since my dad is from there.
- I love traveling with my family! We go on big summer trips each year to either Europe or another part of the US that we haven't seen yet. Some of my favorite family memories come from those trips.
- I like to read, although finding time is sometimes hard. I usually read fiction books unless I want to mix things up. My favorite books are Bossy by Tina Fey, Invisible Man by Ralph Ellison, and The Perks of Being A Wallflower by Stephen Chbosky.
- Apart from studying for school, I love hanging out with my friends, cheering, and exploring the Dallas area. Volunteering with my NCL friends in the Plano/Frisco area has also become a big part of my life.
- Being so involved with my school is how I became friends with many different groups of people. I am a very social person who loves to get to know everyone for who they are.
